ELECTRIC CLEANER

## Electric Cleaners Lighten Housework

Make the work easier by using the labour-saving devices which man's mind has invented to save strength, health and time.

### The "APEX" CLEANER

has an inclined divided nozzle and horizontal motor, so that it can glide easily under low-built furniture to draw up the dust, and clean close up to the base-boards. "APEX" suction is just as powerful at the extreme ends of the nozzle opening as in the centre. This ensures thorough cleaning all the way across.

Call and see an "APEX" demonstration in our Showroom.

**OCTOBER'S BIRTH STONE**  
**THE 'LUCKY BLACK OPAL'**

The exceptional beauty of the "Lucky Black Opal" has made it to-day quite one of the most fashionable of all gems (states a *Paris Correspondent*). The kaleidoscopic colours, and ever-fascinating charm of these glorious gems are most delightful, so that even the wearer can find new beauty every time the ornament is looked at—ever changing in effect by day and by night.

*We cordially invite you to see our special Window Display of these charming Jewels.*
