ADMISSION 6d.

G. L. DONALDSON
Secretary.

THE CANTERBURY SOCIETY OF ARTS.

To members and friends of this Society we extend a cordial welcome to our 1937 Exhibition.

We wish to thank you for your continued interest in New Zealand art, for by this interest you are instrumental in fostering and maintaining an appreciation of the beautiful and lifting the life of the community to a plane above the mundane facts of commercial existence.

Since 1880 this Society has striven to cultivate and advance art in New Zealand and has taken an important part in the development of an artistic outlook among many New Zealanders.

The Society, in addition to the opportunity which its annual exhibitions afford to those who wish to purchase good pictures by New Zealand artists, helps to make possible the exhibition of important collections and hopes within the next year to sponsor notable loan collections of overseas art.

Unfortunately progress in the directions above described is largely dependent on finance, and as the Society's income is mainly from membership subscriptions, it will be seen that only in relation to the strength of the Society can cultural advance be made. We therefore appeal to all lovers of art to support the Society by becoming members.

Membership of this Society in addition to its tangible privileges carries with it the knowledge that one is helping to develop New Zealand art and an aesthetic outlook among the people of New Zealand.

We wish to thank those members who have recently joined the Society for their support and to welcome them to this exhibition, from which we trust they will derive great pleasure.

We wish also to thank those members who have been instrumental in introducing new members, and appeal to all to make further efforts in this direction. The substantial increase in membership for which we hope, will enable the Society to greatly enlarge its sphere of activities in the future.

Will those desirous of joining the Society, kindly communicate with any member of the Council or the Secretary at the Armagh Street Gallery, 'Phone 30-355?

ELECTRICITY —

is only half
a house . . .

The benefits of electricity in the home are so great that if you are not using it fully, your home is really not complete.

Electricity makes the home brighter, cleaner and healthier, and it provides light and heat for every room, cooks food, washes clothes, works the radio, heats water for baths and washing up.

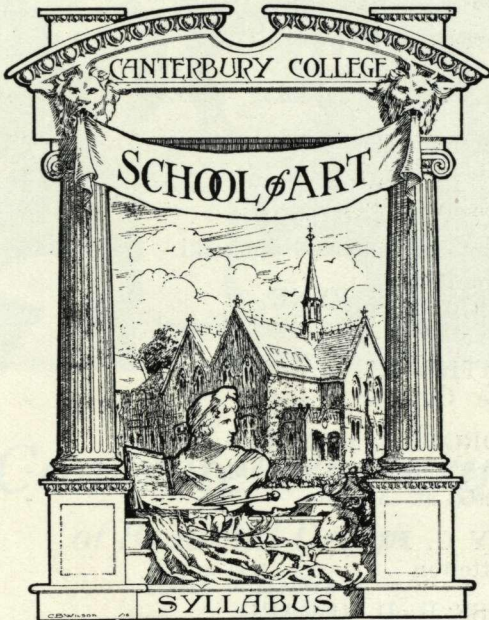

Electricity does all things efficiently. Take full advantage of the service it offers.
