

*This year's guest selector and exhibitor Darryl Frost is a respected artist in steel, stone, glass and ceramic, working from his gallery and workspace, Frost & Fire in Tasman, near Nelson, where he operates two anagama kilns.*

*Darryl's work is a tactile and intuitive response to his surroundings, a homage to the interplay of the elements. When his pieces are unveiled from his kiln the true beauty is revealed, altered and twisted; the raw materials shaped by man and fire.*
